

Is your New Year's Resolution to know the Lord better?

To know your faith better?

To be better?

We are doing a bible study that will *knock your socks off*. Those who currently attend are amazed at how much they are learning. The study is done using videos with Brandt Pietre, a biblical scholar. Now don't let this scare you off. He is a wonderful presenter who speaks on our level.

This series shows how the Old Testament foretells the New Testament and the New Testament reflects the Old Testament. Most importantly, it shows what the Lord has done for you. Yes, You.
